Action Points			
A. Continue to maintain and focus on the top three reasons for peoples' affirmations of BCS: 1. Sprititual & Biblical Worldview perspective; 2. Professional staff who love students and who demonstrate a mature Christian walk; 3. A positive and challenging academic climate.			
B. Work with students to develop greater respect of property by treating books with care and keeping the school cleaner.			
C. Monitor the scholarship program to insure the culture of the school does not change as a result.
